

Peter T Bosse II PO Box 321, Canaan, NH 03741 • 603-707-4622 • peter@ptb.dev • github.com/ptb

Professional Summary

Senior full-stack web and React Native developer with 28 years of experience. Specializing in React web and mobile for 8 years. Engineered and architected features for B2B community platform serving over 900 organizations worldwide. Led a team using Next.js to build an e-commerce site for local alcohol delivery in 200 cities across the U.S. Developed and deployed the first public facing Ruby on Rails app at Apple. DIY built a super-insulated home for my family in the woods of New Hampshire and sing bass in barbershop harmony.

Professional Experience

Full-Stack and React Native TypeScript Developer

hivebrite.com

Hivebrite • Paris, France (Remote)

May 2020 to Mar 2024

- Simplified cookie and OAuth authentication process for React Native mobile app using React Query.
- Helped lead modernization effort from JavaScript to Typescript, jQuery to React, and REST to GraphQL.
- Built features for job postings, account profiles, events across time zones, and membership campaigns.

Frontend React Web Developer with Next.js

minibardelivery.com

Minibar Delivery • New York, NY (Remote)

Oct 2018 to May 2020

- Migrated entire e-commerce frontend from Ruby on Rails views with jQuery/Backbone to React with Next.js.
- Developed a declarative zero-runtime functional CSS-in-JS tool for consistent and performant styling.

Independent Home Builder, Designer, and General Contractor

Grafton, NH

Mar 2010 - Ongoing

- Designed and built a super-insulated home, with three floors above ground, as a stay-at-home parent.
- Performed more than 95% of all electrical, plumbing, septic installation, masonry work, and framing.
- Connected our neighborhood to fiber network in nearby town using long-range 802.11ac Wi-Fi technology.

Full-Stack Ruby on Rails Developer and Data Center Administrator

training.apple.com

Apple Inc. • Training and Certification • Cupertino, CA

Oct 2005 – Jul 2008

- Developed web app to locate Apple training centers worldwide, the first public Ruby on Rails app at Apple.
- Managed team supporting seven classrooms nationwide. Installed and distributed software and hardware.
- Installed and upgraded data center as sole DevOps, reducing costs while increasing capacity and security.

Mac Genius, In-Store Repair, and Support

apple.com/retail/northshore

Apple Inc. • Northshore Mall • Peabody, MA

Jul 2001 – Apr 2002

- Led team of Mac Geniuses during first six months of 6th and 25th Apple Stores: Peabody, MA and Salem, NH.
- Performed and coordinated repair services in-store for Macs. Volunteered at the Red Cross on 9/11/2001.

Developer Operations and Sales Web CD Mastering

sales.apple.com

Apple Inc. • Sales Communications • Cupertino, CA

Jul 1999 – Jul 2001

- Mastered Apple Sales Web CD on a monthly basis and distributed via mail to third-party sales partners.
- Developed PDF to fax web app in Perl and deployed on the first Linux-based server in an Apple data center.
- Provided expertise and support to internal video production teams. Provided occasional voice-over talent.
